#### **The 860 DSP Multifunction HFC Analyzer**

---

Harnessing the power of Digital Signal Processing Technology, two new Return Test Options configure TRILITHIC's 860 DSP Multifunction HFC Analyzer to perform the functions of the Guardian RSVP Installer's Return Tester (Option VP1) and the Guardian SSR Reverse Test Field Unit (Option SR1). Test capabilities and displays have also been enhanced, allowing RSVP-type testing of 8 frequencies at once.
