### **Trilithic Expands Internationally**

---

**Indianapolis, Indiana (Thursday, January 12, 2006)**, Trilithic, Inc. a designer and manufacturer of RF and microwave passive components and filters, is pleased to announce the opening of a new sales office in Europe. With this expansion, Trilithic will provide local sales support for all customers and sales agents in Europe as well as initiating new business development projects.

"The addition of this office is vital to our business in Europe." Says Mark Burton, Director of Sales for the RF & Microwave Division. "Europe is one of our biggest marketplaces, and this new office will allow us to better serve our customers and be more accessible in such a demanding marketplace."

Located outside of London, Trilithic Europe's office is managed by David O'Connell [doconnell@trilithic.com](mailto:doconnell@trilithic.com) and sales support is provided by Amanda O'Connell [aconnell@trilithic.com](mailto:aconnell@trilithic.com)

We are certain that Trilithic Europe will be a great addition to Trilithic and know that our customers will appreciate the local contact.

**ABOUT TRILITHIC:** Trilithic, Inc. is an industry leader providing telecommunications solutions for major Broadband and RF & Microwave markets around the world. Comprised of three major divisions: Broadband Instruments & Systems offers test, analysis and quality management solutions for the major cable television systems around the world. The **RF & Microwave Components Division** provides various components and custom subsystems for companies specializing in cellular, military and other wireless applications. The E.A.S. Division is a leading supplier of government-mandated Emergency Alert Systems used by HFC service providers in the United States.

Trilithic has continuously expanded its manufacturing capabilities to accommodate the greater demand for its products, both through streamlining design and development and automating manufacturing and test procedures. Trilithic provides a broad product base of over 1500 measurement products and communications components to thousands of customers around the world. The company's state-of-the-art 120,000 Square Foot worldwide headquarters is located in Indianapolis Indiana.

As an **ISO 9001:2000 certified** company with over 40 years of collective expertise in engineering and custom assembly, Trilithic is dedicated to providing quality products, services and communications solutions that meet and exceed their customers' expectations
