### **Trilithic Welcomes New Representatives**

---

**Indianapolis, IN (Wednesday, January 11, 2006)-** Trilithic's RF & Microwave Components division is pleased to welcome new companies to our Representative Team. These appointments will have exclusive technical representation in several regions. **dbD Communications Ltd.** will be responsible for sales and support in the United Kingdom. **GCS Electronics LLC** will handle the full line of Trilithic products in Maryland, Washington D.C. and Northern Virginia. We are certain that all of our new representatives will be great additions to the Trilithic team. We are looking forward to a long and profitable business relationship with each company.

**ABOUT TRILITHIC:** Trilithic, Inc. is an industry leader providing telecommunications solutions for major Broadband and RF & Microwave markets around the world. Comprised of three major divisions: Broadband Instruments & Systems offers test, analysis and quality management solutions for the major cable television systems around the world. The **RF & Microwave Components Division** provides various components and custom subsystems for companies specializing in cellular, military and other wireless applications. The E.A.S. Division is a leading supplier of government-mandated Emergency Alert Systems used by HFC service providers in the United States.

Trilithic has continuously expanded its manufacturing capabilities to accommodate the greater demand for its products, both through streamlining design and development and automating manufacturing and test procedures. Trilithic provides a broad product base of over 1500 measurement products and communications components to thousands of customers around the world. The company's state-of-the-art 120,000 Square Foot worldwide headquarters is located in Indianapolis Indiana.

As an **ISO 9001:2000 certified** company with over 40 years of collective expertise in engineering and custom assembly, Trilithic is dedicated to providing quality products, services and communications solutions that meet and exceed their customers' expectations.
